

## FAMILY FUNDRAISER

There was a whole lot of horsey FUN and 'FUNdraising' happening in the Snowy Mountains of NSW recently, as part of a very special **Carlos Tabernaberry** horsemanship clinic at Jindabyne Equestrian Resort. Carlos and the team at HorseWyse wanted to show our support for the many horse owners and animals, affected by the QLD (and Victorian) floods earlier this year. As well as raising over \$2200 for the **QLD RSPCA Flood and Cyclone Appeal**, the Carlos Tabernaberry clinic was a terrific chance for riders and fence sitters to see Carlos tackle everything from bareback riding through to trailer loading – and all through 'the eyes of the horse'.

In conjunction with Carlos's clinic, HorseWyse also ran a **WIN A WINTEC SADDLE** raffle – with an amazing \$1849 gift voucher prize being proudly donated by the team at **WINTEC**. With all proceeds from the raffle being shared between the QLD RSPCA and the McIntyre Centre Riding for the Disabled group, (who lost a lot of their tack and equipment during the Queensland floods [www.rda.asn.au](http://www.rda.asn.au)) the delighted winner of the WIN A WINTEC RAFFLE was Natalie Jones from Victoria. We know that Natalie will have many years of riding pleasure in her new WINTEC saddle!

Thank you to all our talented clinic riders: Mikala, Georgia, Andre, Jessica, Teresa, Oliver, Hannah, Chloe, Narelle, Michelle, Genevieve and Laura. Thanks also to HW's **Michelle O'Neill** and **Marty Schiel** for all their help over

the two days - and to all of those fence sitters who travelled to JER to watch Carlos at work! HorseWyse would also like to officially thank the following sponsors and supporters of this fundraising event:

Carlos leads the clinic in some bridle-less training. For many riders, this was their first time riding in a halter.

Carlos draws out the WIN A WINTEC SADDLE raffle winner with HW editor Sophie. Winner was Natalie Jones, VIC.

Young Snowy Mountains hack rider Oliver Sugarman leads the way for his devoted horse.

Carlos demonstrates a safe and considerate way to introducing your horse to bareback riding - low and slow.
